SECTION 2. HAZARDS IDENTIFICATION

GHS Classification Eye irritation	: Category 2A
Specific target organ systemic toxicity - repeated exposure (Oral)	: Category 2 (Gastrointestinal tract)
GHS Label element Hazard pictograms	
Signal Word	: Warning
Hazard Statements	: H319 Causes serious eye irritation.

Version 1.0	Revision Date: 02/26/2015	MSDS Number: 66073-00001	Date of last issue: - Date of first issue: 02/26/2015
			se damage to organs (Gastrointestinal tract) ged or repeated exposure if swallowed.
Preca	autionary Statements	P264 Wash ski P280 Wear eye Response: P305 + P351 + for several mini- to do. Continue P314 Get medi P337 + P313 If attention. Disposal:	eathe mist or vapors. n thoroughly after handling. e protection/ face protection. P338 IF IN EYES: Rinse cautiously with water utes. Remove contact lenses, if present and easy e rinsing. cal advice/ attention if you feel unwell. eye irritation persists: Get medical advice/ of contents/ container to an approved waste
	r hazards		
None	known.		

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture :	: Mixture
-----------------------	-----------

Hazardous ingredients

Chemical Name	CAS-No.	Concentration (%)
Glycerine	56-81-5	>= 5 - < 10
White mineral oil (petroleum)	8042-47-5	>= 1 - < 5
Petrolatum	8009-03-8	>= 1 - < 5
Behenyltrimethylammonium Methyl Sulfate	81646-13-1	>= 1 - < 5
Hexadecyltrimethyl ammonium chloride	112-02-7	>= 0.1 - < 1

SECTION 4. FIRST AID MEASURES

General advice	In the case of accident or if you feel unwell, seek medic advice immediately. When symptoms persist or in all cases of doubt seek m advice.	
If inhaled	If inhaled, remove to fresh air. Get medical attention if symptoms occur.	
In case of skin contact	Wash with water and soap as a precaution. Get medical attention if symptoms occur.	
In case of eye contact	In case of contact, immediately flush eyes with plenty of for at least 15 minutes. If easy to do, remove contact lens, if worn. Get medical attention.	f water
If swallowed	If swallowed, DO NOT induce vomiting.	

Version 1.0	Revision Date: 02/26/2015	MSDS Number 66073-00001	: Date of last issue: - Date of first issue: 02/26/2015
			I attention if symptoms occur. h thoroughly with water.
	important symptoms ffects, both acute and ed	May cause	ious eye irritation. damage to organs through prolonged or repeated swallowed.
Prote	ction of first-aiders	and use the	sponders should pay attention to self-protection, e recommended personal protective equipment otential for exposure exists.
Notes	s to physician	: Treat symp	tomatically and supportively.

SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media	Water spray Alcohol-resistant foam Dry chemical Carbon dioxide (CO2)	
Unsuitable extinguishing media	None known.	
Specific hazards during fire fighting	Exposure to combustion products may be a hazard to he	alth.
Hazardous combustion prod- ucts	Carbon oxides Nitrogen oxides (NOx) Sulfur oxides	
Specific extinguishing methods	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe so. Evacuate area.	
Special protective equipment for fire-fighters	In the event of fire, wear self-contained breathing appara Use personal protective equipment.	tus.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures	:	Use personal protective equipment. Follow safe handling advice and personal protective equipment recommendations.
Environmental precautions	:	Discharge into the environment must be avoided. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g. by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.

	ds and materials for nment and cleaning up	For large spills, p containment to ke can be pumped, s container. Clean up remaini absorbent. Local or national disposal of this m employed in the o determine which Sections 13 and	t absorbent material. rovide diking or other appropriate eep material from spreading. If diked material store recovered material in appropriate ng materials from spill with suitable regulations may apply to releases and naterial, as well as those materials and items cleanup of releases. You will need to regulations are applicable. 15 of this SDS provide information regarding ational requirements.

SECTION 7. HANDLING AND STORAGE

Technical measures	See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section.	
Local/Total ventilation	Use only with adequate ventilation.	
Advice on safe handling	Avoid inhalation of vapor or mist. Do not swallow. Do not get in eyes. Avoid prolonged or repeated contact with skin. Handle in accordance with good industrial hygiene and sa practice. Take care to prevent spills, waste and minimize release to environment.	
Conditions for safe storage	Keep in properly labeled containers. Store in accordance with the particular national regulatior	IS.
Materials to avoid	Do not store with the following product types: Strong oxidizing agents	

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Ingredients with workplace control parameters

Ingredients	CAS-No.	Value type (Form of exposure)	Control parameters / Permissible concentration	Basis
Glycerine	56-81-5	TWA (mist, respirable fraction)	5 mg/m3	OSHA Z-1
		TWA (mist, total dust)	15 mg/m3	OSHA Z-1
White mineral oil (petroleum)	8042-47-5	TWA (Mist)	5 mg/m3	OSHA Z-1
		TWA (Inhal-	5 mg/m3	ACGIH

Ver 1.0	sion	Revision Date: 02/26/2015	 /ISDS Number: 6073-00001	Date of las Date of firs	t issue: - t issue: 02/26/2015	
[able fraction)		1
				TWA (Mist)	5 mg/m3	NIOSH REL
				ST (Mist)	10 mg/m3	NIOSH REL
	Petrol	atum	8009-03-8	TWA (Mist)	5 mg/m3	OSHA Z-1
				TWA (Inhal- able fraction)	5 mg/m3	ACGIH
				TWA (Mist)	5 mg/m3	NIOSH REL
				ST (Mist)	10 mg/m3	NIOSH REL

Hazardous components without workplace control parameters

Ingredients	CAS-No.
Behenyltrimethylammonium	81646-13-1
Methyl Sulfate	
Hexadecyltrimethyl ammonium	112-02-7
chloride	

Engineering measures

: Ensure adequate ventilation, especially in confined areas. Minimize workplace exposure concentrations.

Personal protective equipment

reisonal protective equipment			
Respiratory protection :	General and local exhaust ventilation is recommended to maintain vapor exposures below recommended limits. Where concentrations are above recommended limits or are unknown, appropriate respiratory protection should be worn. Follow OSHA respirator regulations (29 CFR 1910.134) and use NIOSH/MSHA approved respirators. Protection provided by air purifying respirators against exposure to any hazardous chemical is limited. Use a positive pressure air supplied respirator if there is any potential for uncontrolled release, exposure levels are unknown, or any other circumstance where air purifying respirators may not provide adequate protection.		
Hand protection Material :	Impervious gloves		
Remarks :	Choose gloves to protect hands against chemicals depending on the concentration specific to place of work. Breakthrough time is not determined for the product. Change gloves often! For special applications, we recommend clarifying the resistance to chemicals of the aforementioned protective gloves with the glove manufacturer. Wash hands before breaks and at the end of workday.		
Eye protection :	Wear the following personal protective equipment: Safety goggles		
Skin and body protection :	Select appropriate protective clothing based on chemical resistance data and an assessment of the local exposure potential. Skin contact must be avoided by using impervious protective clothing (gloves, aprons, boots, etc).		

Version 1.0	Revision Date: 02/26/2015		DS Number: 073-00001	Date of last issue: - Date of first issue: 02/26/2015			
Hygie	ene measures	: Ensure that eye flushing systems and safety showers are located close to the working place. When using do not eat, drink or smoke. Wash contaminated clothing before re-use.					
SECTION	9. PHYSICAL AND CH	EMI		ES			
Appe	arance	:	liquid				
Color		:	white, opaque				
Odor		:	floral				
Odor	Threshold	:	No data availab	le

	adverse effects Ita available						
SECTION	SECTION 13. DISPOSAL CONSIDERATIONS						
•	o sal methods e from residues	: Dispose of in a	ccordance with local regulations.				

Contaminated packaging	 Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal.
	handling site for recycling of disposal.

SECTION 14. TRANSPORT INFORMATION

International Regulation

UNRTDG

Not regulated as a dangerous good

IATA-DGR

Not regulated as a dangerous good

IMDG-Code

Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

Domestic regulation

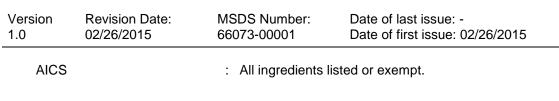

49 CFR

Not regulated as a dangerous good
