

# Commercial Whole Room Dryer

The Professional Choice  
for Floor Care

## THE WHOLE ROOM DRYER

The Commercial Whole Room Dryer incorporates the revolutionary Swept Fan™ blade design that creates an astounding 9800 CFM at over 44 MPH while maximizing surface coverage and minimizing drying times. Additionally, noise levels are significantly reduced with this revolutionary blade efficiently drawing warmer, drier air from above and blowing it down and across the entire surface of the carpet.

## DURABLE AND CONVENIENT

Designed for carpet cleaning and restoration professionals, the Whole Room Dryer's versatile four-position design allows for the efficient drying of furniture, walls and ceilings as well as carpets. The rugged cast aluminum legs feature a built in cord wrap and carrying handles for added convenience and mobility. The Commercial Whole Room Dryer is the most powerful, rugged and versatile tool your business will ever need!

## VERSATILITY

The Commercial Whole Room Dryer provides easy operation, versatility, innovative features and superior airflow for use in many different environments including:

- Hospitals and Healthcare Facilities
- Schools and Universities
- Hotels and Resorts
- Restaurants
- Commercial Office Buildings
- Retail Stores and Shopping Malls
- Industrial Facilities

# Commercial Whole Room Dryer
