

THE ORIGINAL

kik-step®
by cramer

Already the best step stool around, the future of our original KIK-STEP® just got brighter – in color, that is. Now available in 10 designer hues, this all-purpose stool will add a splash to your home décor. But don't let the good looks fool you — under that handsome exterior is a body made of steel (rolled steel, that is) that can support up to 500 pounds. Hidden casters make it easy to kick around while the bumper surround protects your walls and furniture.
