

Modular Displayware

Presentation with a new edge

What happens when **functional** features of standard food pans combine with **pleasing aesthetics** of displayware?

*THE RESULT is a **unique displayware system** that beautifully highlights food displays.*

Wave shape offers visual interest while enhancing the display

Introducing
Modular Displayware

Benefits include:

- Unique, flexible displayware provides an attractive solution for merchandising prepared food
- Fits in standard size food wells
- Half long lid can be used for sliced deli meats and cheeses
- Made of tough, break-resistant polycarbonate
- Safe for use in temperatures ranging from -40° to 212° F
- Dishwasher safe
- NSF Listed

One product, a variety of uses

Display Cases

Available in Black and Clear to suit any presentation

Food Wells

Collar provides support for smaller pans when used in a food well

1. Place collar in food well

2. Drop pans into collar for an attractive display
