\* "Traditional" refers to clear plastic cold cups made from petroleum-based plastics. Statements developed based on data from the Athena Institute study titled "Life Cycle Inventory of Five Products Produced from Polylactide (PLA) and Petroleum-Based Resins" by Franklin Associates Nov 2006 (p. 6, table 2); Also based on statement from Miliken: [www.clearpp.com/pages/sustainability.aspx](http://www.clearpp.com/pages/sustainability.aspx)

\*\* <http://www.petresin.org/recycling.asp> - "More than 1 billion pounds of used PET bottles and containers are recovered in the U.S. each year for recycling, making it the most recycled plastic in America."
