

Zorba®

Absorbent Control Strip

A highly absorbent, disposable strip that can be used to control leaks and spills in a wide range of application areas.

Effective

- ▶ Absorbs large amounts of liquids in rapid time helping to reduce the risk of slip and fall accidents
- ▶ Controls spills temporarily to minimize damage and reduce hazardous condition

Versatile

- ▶ Use to control stripper solution, absorb condensation and many other applications
- ▶ Wide range of applications includes refrigerator leaks, floor stripping, kitchen cleaning, restroom cleaning, window cleaning, swimming pool cleaning and hospital room cleaning

Easy-to-Use

- ▶ No special training or equipment required

Designed For

- ▶ Health Care
- ▶ Food Service
- ▶ Education
- ▶ Lodging

Use Overview

Zorba® Absorbent Control Strip is a super absorbent strip used to contain spills prior to cleaning, minimize damage from leaks or control floor stripping chemical solution.

- ▶ Pierce and remove perforations for handle and dispensing sections.
- ▶ Remove adequate amount of strip for application from carton and tear at perforation.
- ▶ Place strip at base of leak/spill or where an effective barrier is required.
- ▶ Remove strip when fully saturated (typically 16–36 hours for refrigerator leaks) or application is complete.
- ▶ Dispose of used/saturated strip in a suitable container.

Note: The **Zorba® Absorbent Control Strip** is not designed to be re-used. The **Zorba® Absorbent Control Strip** is designed to absorb aqueous liquids. Store carton in a dry area.

Product Specifications

Description	
Absorbency	68 oz. (2 liters) / 2 ft segment
Core Composition	Super Absorbent Polymer/ Cellulose Fiber Blend
Outer Strip Composition	Non-woven (70% Polythene – 30% Rayon)
Width of Core	3.35 inches (85 mm)
Width of Strip	4.13 inches (105 mm)

Available Items

Product Code	Description/Package Size
3506761	1 x 100 ft (30 m) per case
