

MERCURY FLOOR MACHINES 220V SERIES

Manufactured with
Pride in the U.S.A.

ONE-TOUCH DRY SCRUB FLOOR MACHINE – NEW!

SEE THE BENEFITS

- Heavy-duty, high quality components prepare floors to be refinished in half the time compared to conventional stripping process.
- Chemical-free stripping used for refinishing wood floors and scrubbing.
- Cleans edges and corners in every room – no stripper run-off and no ruined floors under doors.
- Precision balanced weight distribution for safe, even and aggressive cleaning with low vibration.
- Large non-marking wheels for clean transport to protect completed areas.
- Safety enhanced interlock switch on the handle leaves both hands conveniently in control.
- Heavy-duty components provide durable and dependable scrubbing. No side torque and operates in any direction.
- Ergonomic carrying handle offers operator comfort and safety during transport.
- Convenient handle with dual switch levers for operation with either hand.
- Totally enclosed motor for less maintenance and Mercury 6-Quart Backpack attachment for quick and easy clean-up.
- Oscillating plate completely enclosed by dust skirt and when used in conjunction with the Backpack, captures 95% plus of all airborne particles. Light tacking is all that is needed to prepare floor for new coats of finish.
- Only takes minutes opposed to hours it takes for an operator to become acquainted with a conventional rotary machine.

Specifications:

Model: DS-18-220

Cleaning Pad Size: 12 in. x 18 in.

Motor Type: 1 HP, 220 V, 50 Hz

Orbital Speed: 1725 RPM

Power Cord: 50-Foot, 14/3-Gauge,
Note: Cord Supplied without a Plug

Sound Level: 70 dB

Weight: 120 lbs.

Floor Machine Warranty: 1-Year

Backpack Vacuum Warranty: Life-Time
on Roto-Molded Body, 5-Years on Motor
and all Electrical Parts

ROUND VS. SQUARE Scrub an entire floor with
one machine. Get into corners and doorways!

MERCURY FLOOR MACHINES 220V SERIES

DYNAMITE ULTRA D.C. BURNISHER — NEW!

SEE THE BENEFITS

- Burnishing power with 1 HP, 15 Amp, D/C rectified motor to eliminate burn-outs, low voltage and startup torque problems.
- The 20" apron with non-marking, full wrap bumper protects walls and baseboards.
- Reliable 1750 RPM motor speed.
- Balanced chassis design provides precise pad pressure. Includes flexible pad holder with pad centering device to deliver an even shine and gloss.
- Low profile 20" drive apron easily reaches under counter coves and beds.
- All metal chassis gives added weight for a faster, longer lasting, brighter shine. Direct driven pad driver simplifies operation.
- Designed with safety in mind. Interlock switch leaves both hands conveniently in control. Safety enhanced, non-conductive dual triggers eliminate shock potential.
- 6" non-marking transport wheels prevent tracking of contaminants. Fully adjustable handle positions are comfortable for all operators.
- Includes 50-foot, 14/3-gauge safety power cord. Note: cord supplied without a plug. Motor plugs into cable at handle base for easy maintenance.
- 5-year warranty on motor and chassis.
