

CLEANS UP TO 1500 SQ. FT. PER HOUR

LARGE 15 GALLON SOLUTION AND RECOVERY TANKS

AVAILABLE IN 2 MODELS TO MEET ALL OF YOUR CLEANING NEEDS

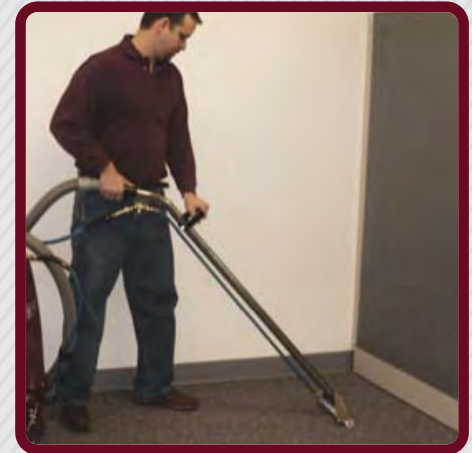

C-BOX & H-BOX | CARPET BOX EXTRACTORS

C-BOX & H-BOX | PRODUCT FEATURES

The C Box and H Box are 15 gallon carpet box extractors. These machines feature a clamshell design for simple serviceability and are constructed of non-corrosive polyethylene that won't dent, corrode or rust. The design also features large 12" stair climbing wheels and pull handles for easy loading. The units are available with or without a water heating system. The heated unit has a 3-position switch so you can run at 2,000 watts. The automatic ball float shutoff prevents damage to the vacuum motor. These units are available in 100 PSI Cold, 200 PSI Hot or 500 PSI Hot and come standard with a 15-foot vacuum/solution hose and easy glide wand. The control panel features moisture resistant switches, a non-conductive operator control console and independent switches allowing individual control for the vacuum and the pump. The easy open vacuum lid features a large opening for simple clean-out of the recovery tank.
