

## Tracker™

One pass cleaning saves time and money.

Have a large area to clean, such as a ballroom, hallway, or conference room? Save time by using the Mytee Tracker™. This self-contained carpet cleaner lets you spray, scrub and extract carpets in a single pass.

The Tracker™ features a chevron-style brush with a wide 17" cleaning path perfect for hotels, convention centers, schools, and other large venues.

Equipped with a powerful 3-stage vacuum, a ¼ HP brush motor, and a 120 PSI diaphragm pump, the Tracker™ will leave carpets clean, and nearly dry in no time.

The Tracker™ also features hook-ups for an optional hose and wand or upholstery tool, making it more versatile than competing units. So for your next big job, order the machine that gets the job done. Get on track with the Tracker™!
