

Mustang

Floor Machine

For a durable, powerful floor machine in an economical package, choose the Mustang. Precision-balanced for easy operation and maneuverability, this machine scrubs, strips, spray buffs, polishes, and shampoos.

- The Mustang features a straight line planetary gear system that provides efficient transfer of power from the motor to the pad driver. This design ensures years of trouble-free operation.
- A mechanical lock-out on the handle must be released before the switch lever on the Mustang will activate. This special safety mechanism helps prevent unauthorized operation when the machine is unattended.
- The Mustang is ideal for schools, office buildings, and other facilities where appearances need to be kept up while holding equipment costs down.
- The Mustang comes with either a 1 HP or 1.5 HP 66-frame motor, and is available in 17- and 20-inch widths.

 Specifications subject to change without notice.

- ❶ Metal cord strain relief and internal compression lock prevent the cord from being pulled out of the machine.
- ❷ Sturdy 1.5-in tube handle is chrome-plated to resist corrosion.
- ❸ 360° non-marking bumper protects walls and fixtures from accidental damage.
- ❹ 5-in rear transport wheels make the Mustang easy to move to the job site.
- ❺ Dual switch levers allow the operator to easily control the side-to-side movement of the machine.

DO NO HARM™

The adjustable handle height allows ergonomic operation.

The rear wheels allow easy transport of the floor machine on stairs, and into and out of vehicles.

Precision-balanced for easy operation and maneuverability, this machine reduces the operator fatigue associated with most competitive swing machines.
