## GB1500X Electric Burnisher

The GB1500X burnisher offers unequalled performance through its 1.5 hp "AC" dual capacitor motor providing constant rpm's under various load conditions with extremely long and reliable motor life. The unique 'free floating' burnisher head adapts to uneven floor surfaces with remarkable efficiency. This creates lower amp draw for operation in buildings with standard power. The GB1500X offers fixed factory set pressure.

### Technical Specifications:

Coverage:	15,000 Sq. Ft. of floor area per hour.
Motor:	Heavy-duty single phase 1.5 HP, 120V, 60Hz, dual capacitor motor provides necessary power for burnishing.
Pad Speed:	1500 RPM, 20" pad diameter
Pad Drive System:	Dynamically balanced cast iron pulley with six groove poly v-belt drive and permanently lubricated, self alignment bearings. Pad driver shaft 1" dia.
Pad Drive Block:	1" marine plywood with centering and locking device to accept 20" pads.
Construction:	Chassis – 12-gauge welded steel with corrosive resistant baked enamel finish. Handle – 1.25" dia. Chrome plated, heavy gauge steel pipe. Switch Box – Die cast aluminum with corrosion resistant, baked enamel finish.
Warranty:	Motor 3 years, parts 1 year.
Model:	GB1500X
Motor:	1.5HP
Brush Spread:	20"
Brush Speed:	1500
Amps:	15
Shipping Weight:	117 lbs.,
Product Code:	B100285
