## Model 102-12SS Wet/Dry Vacuum

Recommended for heavy-duty service, the Model 102-12SS has the power for the toughest cleaning applications. This power packed and reliable 'work horse' picks up almost any kind of dry debris or liquid. Equipped with our popular modular filter systems which includes two filter components: dual bag filter assembly for dry pick-up and a wet pan adapter for liquid recovery. Both components are easily switched for changeover between wet and dry applications.

### Features:

- Two-stage, 2HP commercial grade by-pass motor for fast pick-up and long life (105" waterlift, 110 cfm)
- Air seal gasket between motor head and tanks form positive lock fit.
- Vacmobile with handle, large 8" wheels and two 2 1/2" casters
- 22 gauge stainless steel tank Includes complete set of tools:
- 25 foot power cord
