

Product Technical Sheet

SSS CHALKBOARD & WHITEBOARD CLEANER

Description: An ideal product for use in schools, hotels, motels, institutions, offices, factories and churches. Give any chalkboard or whiteboard the “like new” look. Formulated to clean whiteboards as well as traditional slate chalkboards. Relieves eye strain by giving greater contrast and removing “ghost” images from repeated use. The easy to use high foaming aerosol puts product where you want it with maximum vertical cling - eliminates drippy wet mess. The unique 360 degree valve allows for spraying in any position while the pleasant fragrance leaves area smelling fresh and clean. Nonflammable and waterbased, this product contains no ozone depleters and is low in VOC content.

Directions: SHAKE BEFORE USING. Spray directly on the board and wipe with a clean cloth. Allow board to dry before using. For maximum effectiveness, remove all writing from the board using eraser before applying product. Whiteboards may retain “ghost” images from markers which have been on board for extended periods. A second application may be required to fully remove these residual marks.

Health Hazard Data: Contents under pressure. Do not puncture container. Do not store at temperatures exceeding 120°F. Do not incinerate or spray into open flame. Avoid contamination of food. Do not spray into eyes. KEEP OUT OF REACH OF CHILDREN.

Spill Or Leakage Procedures: Flush product to sewer with water. Aerosol cans when vented to atmospheric pressure through normal use pose no disposal hazard.

Product Specifications:

Wt./20oz. can:	19 Ounces
Classification:	Aerosol Water-Based Cleaner
General Appearance:	Foamy Spray
Color:	White
Odor:	Sassafras Fragrance and Alcohol Odor
pH:	9.5 - 10.0
Vapor Pressure At 70°F:	60 psig
Spray Pattern:	Wide oval
Flammability:	Not flammable per CPSC Flame Projection Test
NFPA Code 30B:	Level 1
