What the Pro's Know

Stone Paste can be applied with a soft cloth or the center of a white polishing pad. Apply sparingly in a circular motion pressing firmly to push the paste into the pores. When the surface has completely dried, polish with a fine grade steel wool.

Description

- High grade solvent based polish
- Ideal for countertops, tabletops and vertical surfaces
- Quick dry formula will resist staining and repels water

New Dimensions Stone Paste is a special buffing compound for polishing marble, granite, terrazzo and concrete. This compound offers excellent protection from water spots and staining. Suitable for walls, shower walls, tabletops and countertops. Not for use on floors.

Directions

Directions for Use:

1. Apply a thin amount of New Dimensions Stone Paste with a soft cloth or pad in a circular motion. Press firmly to push the paste into pores. Coverage depends on use and surface.

- 2. Allow to dry for 10-15 minutes.
- 3. When the surface is completely dry, rub gently with a fine grade steel wool.
- 4. Use in a well-ventilated area.
