

# NAVIGATOR

## Dilution Control System

### Why It's A Better System

- Concentrate and RTU labels are numbered and color coded for safety and to facilitate training
- Closed system - Spill proof container
- New Metered Tip with each concentrate provides proper dilution each time
- English/Spanish label copy
- Each concentrate has an easy carry handle
- Recyclable container

### Why It's A Better Cleaner

- Neutral pH - No rinse cleaner
- All surface safe - Gently cleans for daily use
- Designed as a floor cleaner - Safe on high gloss floor finishes; won't dull finish
- Used daily - Provides longer wear of floor finishes
- Versatile - Clean any surface not harmed by water
- Floral fragrance - Pleasant to use
- Free rinsing - Will not leave dulling soap film

### How It Cleans

Place wet floor signs in area to be cleaned. Remove gross soils and debris.

Dispense precisely diluted NAVIGATOR #8 Neutral Floor Cleaner into clean mop bucket or auto scrubber tank.

Apply automatically diluted solution. Replace solution when it becomes visibly dirty. No rinse is required.

If area is heavily soiled, use scrubbing machine or agitate with stiff brush. Heavily soiled areas may require rinsing. (Not recommended for wood surfaces or for use on floors where oily floor sweep or dust collection spray has been use. Always pretest painted surfaces for colorfastness.)
