

2 L and 4 L

Dura View® is the large capacity system that is first in its class for appearance, security and performance. Available in 2000mL and 4500mL sizes, the Dura View system utilizes a replaceable cartridge and dispenser combination. Product bags come attached inside the waterproof heavy-duty PVC cartridge. When it's time to refill, simply remove the old cartridge and insert the new one; lock in place and you're ready to go. In addition to being great looking, the dynamic design creates the ultimate view window, eliminating all guessing about product type and soap level.

Both the 2000 mL and 4500 mL cartridges use the same durable dispenser, making installation simple.

More Features and Benefits

- Large capacity means fewer changeouts
- One dispenser fits both 2000 mL and 4500 mL cartridges
- Soap level is easy to see
- Refilling is fast - just replace entire cartridge
- Easy dispensing, ADA compliant
- Large variety of products available.
