

sanotracin™ Concentrate

Dilutable
EPA-Registered
Sporicide, Bactericide,
Virucide, Tuberculocide
and Fungicide

When Minutes Matter

**Kills
C. diff in
three
minutes!**

New Power Against *C. diff* and 50 other Pathogens — Now in Economical, Dilutable Concentrate

SSS-Sanotracin Concentrate eliminates and prevents the spread of *C. difficile*, as well as MRSA and 50 other pathogens, including ESKAPE pathogens – *Enterococcus faecalis* (VRE), *Staphylococcus aureus*, *Klebsiella pneumoniae*, *Acinetobacter baumannii*, *Pseudomonas aeruginosa*, and *Enterobacter* species.* Sanotracin™ contains no alcohol or bleach, requires no rinsing and leaves no film on hard surfaces.

Hospital-grade Sanotracin disinfectant cleaner and sporicide is ideal for surgical rooms, patient rooms, operating suites, physical therapy departments, nursing services, autopsy facilities, long-term care facilities and nursing homes.

According to the Centers for Disease Control and Prevention, EPA-registered disinfectants with a sporicidal claim have been used with success for environmental surface disinfection in patient care areas.

*When used in accordance with product labeling.

Combat *C. diff* and HAIs with the Industry's Fastest Sporidical Disinfectant Cleaner

Power That Lasts

With its shorter kill times and powerful wetting agents, SSS-Sanotracin™ stays wet and works faster. The outcome – assured efficacy against hard-to-kill *C. difficile* spores and other dangerous pathogens every time you clean and disinfect. For best results, apply SSS-Sanotracin using the SSS-Sanotex Environmental Surface Wiping System or use with the SSS-NexGen™ Microfiber cloth/bucket system.

Cost-Effective Non-Bleach Formula

SSS-Sanotracin provides maximum effectiveness without the risks of bleach, including damage to carpet, clothing, upholstery, LCD screens, medical equipment, and other hard surfaces. In addition, one-step, one-application Sanotracin saves time and labor cost compared to bleach, which requires pre-cleaning and rinsing.

Benefits of a Concentrate

SSS-Sanotracin dilutable concentrate is powerful and cost effective, so you can enjoy the benefits of the industry's most advanced disinfectant cleaner every day, facility wide. Choose between wall-mounted and portable dilution systems, each precision engineered to deliver an economical 5:1 water/concentrate ratio for optimum cleaning and disinfecting performance.

SSS-Sanotracin Concentrate and Dispensing Options

ITEM #	DESCRIPTION	PACK
18012	SSS-Sanotracin Concentrate, 1 gal.	4/cs.
DISPENSING OPTIONS		
23206	SSS-Sanotracin Portable Dispenser	1/cs.
23208	SSS-Sanotracin Wall-Mount Dispenser	1/cs.
23209	Water Supply Hose, 6 ft.	1/cs.
23210	Water Pressure Regulator - <i>for use over 60 GPM</i>	1/cs.
APPLICATION OPTIONS		
SSS-Sanotex Environmental Surface Wipes		
18005	6" x 8", 150 ct. - <i>includes one dispensing canister</i>	6/cs.
18006	10" x 12", 60 ct. - <i>includes one dispensing canister</i>	6/cs.
18007	SSS-Sanotex Environmental Surface Wipes Dispensing Canister - <i>fits both size wipers</i>	6/cs.
18011	SSS-Sanotracin Use Dilution Measuring Bottle	12/cs.
SSS NexGen Microfiber Solutions		
19090	Blue Microfiber Cloth, 16" x 16"	24/cs.
19091	Pink Microfiber Cloth, 16" x 16"	24/cs.
19092	Green Microfiber Cloth, 16" x 16"	24/cs.
19093	Yellow Microfiber Cloth, 16" x 16"	24/cs.
19100	PreTreat Orange Bucket for Clean Cloths, 3 gal.	3/cs.
19101	PreTreat Gray Bucket for Soiled Cloths, 3 gal.	3/cs.
