

FoamClean

QUALITY SKIN CARE

TOUCHFREE FOAM DISPENSING SYSTEM - M-STYLE "MANUAL FIT"

This special fitment allows the FoamClean TouchFree dispenser to use the SAME product bags as the manual-push dispenser.

For those who order both manual and TouchFree foam dispensers, this means that additional soap product SKU's are not needed.

Modular Battery Pack

Uses 6AA batteries (included) that can be changed without tools.

Multi-Lingual Packaging
Each bag is labeled in English, French and Spanish.

Guaranteed Leakproof

By placing the dispenser pump at the top of the dispenser rather than the bottom, the risk of leaking at the valve is eliminated.

Keyed Locking Option

For added security, dispensers feature a keyed locking option. They can be converted from non-locking to locking and back.

TouchFree Offers Less restroom cross-contamination of germs, improved hand hygiene and a more sanitary facility.

Dispenses From the Top The dispenser valve placement lets users see the amount of product being dispensed into their hand, thus reducing waste caused by over-dispensing. Dispenses .75mL per push.

Easy-to-See Indicator Lights The sensor lights up blue when a hand is placed underneath it; soap is released immediately. It lights up red when batteries are low.

Large View Window The large view window makes it simple to monitor the soap level.

Dynamic Design Smooth contemporary lines, textured non-glaring surface, durable ABS plastic, optimum color choices and a "footprint" that is similar to most Bag-In-Box dispensers combine to make TouchFree the ideal choice. Choose from versatile dove gray or black.

Sanitary Refill Sealed refill prevents germs. Each refill has a new dispensing valve for accurate, consistent dispensing. Bag reduces packaging waste by 50%.

Green Seal™ Certified Lotion Skin Cleanser FoamClean Lotion Skin Cleanser formulation that meets GS-41 standard.

Lotion Skin Cleanser

Enhanced with Aloe and Vitamin E

- Luxury skin care formulation
- Ruby pink color
- Pleasant tropical fragrance
- Light to medium soil removal
