TouchFree 10" Wide Roll Towel Dispenser with Reduced-Core™

Wider format and larger sheet size means one towel per hand dry!

ONE TOWEL...ONE DRY

#52001

Our popular no touch dispenser is now available in a wide format for paper-saving efficiency. 10" wide roll for providing one towel-one dry efficiency. The ingenious mechanical no touch technology features low pull force and a patented, high efficiency cutting technology for the lowest tabbing rate in the industry. Satisfies customers and reduces maintenance costs for all Away From Home applications.

LOWER COST IN USE

- New wide format means rolls last longer between replacements
- Wider paper encourages one sheet per dry, resulting in substantial paper savings
- Allows for loading a new roll before the stub roll runs out
- Self-threading transfer system allows single sheet stub roll dispensing to eliminate waste
- Two-handed pull encourages fewer sheets per hand dry, reducing overall consumption
- Uses economical non-perforated rolls
- No batteries—eliminates battery expense

USER SATISFACTION

- Patented cutting mechanism provides quiet, efficient operation with low pull force and reduced tabbing

HYGIENIC PERFORMANCE

- Mechanical no touch operation now in wide format for the ultimate in user hygiene—you only touch the paper

UPSCALE IMAGE

- Attractive streamlined exterior
- Stylish, black smoke cover and graphite-gray back

EASY MAINTENANCE

- Quick and easy loading with open access and exposed roll holders
- Easy-clean surfaces
- Reliable operation with few moving parts and no electric motors, batteries, sensors, calibration or special servicing needed
- Battery-free—eliminates labor to charge batteries and eliminates addition of batteries to the waste stream

ECONOMY AND LONG LIFE

- Replaceable dispensing module lowers repair costs
- No-rust, plastic components
- Stainless steel and high impact resins resist corrosion from sanitizing solutions for long-lasting service

Reduced-Core TECHNOLOGY

- Smaller core reduces waste and optimizes supply chain
