PVR 200 (HENRY)

# PVR 200 (HENRY)

## Henry

PVR 200 (Henry) has a powerful 1,200-watt vacuum motor providing 110" of lift and 114 cfm for excellent soil recovery and longer carpet life. With noise levels of 47 dB(A) on low power and 49 on high, Henry is excellent for daytime cleaning.

Autosave starts the vacuum on low speed, reducing power consumption by 50% while only reducing suction 25%. When equipped with a HEPA-FLO bag, our standard filtration is 0.3 micron at 99.97% efficiency, improving indoor air quality and reducing dust in the building.

Built for commercial use, Henry is equipped with a thermal overload for long-term motor protection and operator safety.

The rewind head conveniently stores the 33' power cord internally, preventing cord damage from improper wrapping; Henry now offers a quick-change cord requiring no tools. Wand docking is now a standard feature for Henry on 1 1/4" wands.

### MODEL

### PVR 200

Motor	1,200W, 1.6 Hp, 2 stage, 2 speed
Water Lift	110"
Airflow	114 cfm
Capacity	2.5 gal.
Standard Filtration*	0.3 micron
Microtex Combination*	99.97% eff.
Weight	15 lbs.
Power Cord	33'
Noise Level	47/49 dB(A)
Tank Construction	Polypropylene

Wand docking

Quick change cord

\* Meets HEPA spec for non-hazardous recovery and exceeds LEED-EB spec
