The **SSS Puma G 3-Speed, Transportable Air Mover** provides a powerful source of air for drying carpet, hard floors and for additional ventilation. Three angle positions and two GFCI outlets connect up to 3 units making it especially useful in drying out after floods or large areas. The 3-speed switch lets you set the air flow to your specific needs. Complete with built-in wheels, a telescopic, easy grip handle and cord wrap, for easy transportation. Stack up to 4 units for storage. The Puma G is engineered for heavy, daily use at schools, offices, auto detailers, construction sites, flood restoration areas, and more.
