

**CitRX™**

**The Green Solution that Cleans and Disinfects.**

**CitRX™ is a total disinfecting solution, an effective all-purpose cleanser and disinfectant.**

- Suitable for environmental restoration projects
- Proven to control Norovirus outbreak
- Multi-purpose, designed for use on all surfaces
- Applied in commercial environments
- Powered by Citric Acid and freshly citrus scented

**Why CitRX™?**

**EPA registered and environmentally safe, it kills over 99.99% of unwanted germs and is effective against many harmful bacteria and viruses.**

- Non-carcinogenic
- Powered by citric acid, it is a tried and true ingredient that has been used in the food industry over decades. Citric acid is shown to be a safe and effective method of disinfectant.
- Citric acid attacks dangerous pathogens naturally without harmful side effects through altering the permeability of the cell wall ending in death of the cell.

**Ideal and effective for use in:**

- Restoration services
- Correctional services
- Law enforcement
- Assisted care facilities
- Medical centers and hospitals
- Hotels and cruise ships
- Schools and universities

**Use as a cleaner by spraying and wiping, then spray again and walk away!**
