Sporicidal Disinfectant Cleaner **RTU™**

Highly Effective  
EPA-Registered  
Sporicide, Bactericide,  
Virucide, Tuberculocide  
and Fungicide

Three-Minute  
*C.diff* Claim  
at 99.9999%  
Efficacy

## Broad Spectrum EPA-Registered One-Step, One-Application Sporicidal Disinfectant Hard Surface Cleaner

*Combat C.diff and HAIs with the industry's fastest sporicidal claim*

One step process eliminates and prevents the spread of *C. difficile*, as well as MRSA, and 50 other pathogens, including ESKAPE pathogens—*Enterococcus faecalis* (VRE), *Staphylococcus aureus*, *Klebsiella pneumoniae*, *Acinetobacter baumannii*, *Pseudomonas aeruginosa*, and *Enterobacter species*). Sanotracin RTU contains no alcohol or bleach, requires no rinsing and leaves no film on surfaces.

Unique hospital grade sporicidal disinfectant cleaner is ideal for all health care facilities including surgical and obstetrical suites, patient rooms, physical therapy departments, nursing services, autopsy facilities, long term care facilities and nursing homes.

*According to the Centers for Disease Control and Prevention, EPA-registered disinfectants with a sporicidal claim have been used with success for environmental surface disinfection in patient care areas.*

# Experience the power of Sanotracin RTU™ Sporicidal Disinfectant Cleaner from Triple S

## Power that Lasts

Patented, hyperactive chemistry provides fast results. With its shorter kill times and powerful wetting agents Sanotracin RTU stays wet and works faster. The result, assured efficacy against hard-to-kill *C. difficile* spores and other dangerous pathogens every time you clean and disinfect.

## Safe, Cost Effective Non-Bleach Formula

Sanotracin RTU provides maximum effectiveness without the risks of bleach, which include damage to carpet, clothing, upholstery, LCD screens, medical equipment, and other surfaces; handling and mixing of bleach by housekeeping staff; and respiratory issues for patients and staff. In addition, one-step, one-application Sanotracin RTU saves time and labor cost compared to bleach, which requires a pre-cleaning and rinse.

## PRODUCT SPECIFICATIONS

Physical State.....Liquid  
 Color.....White  
 Fragrance.....Pleasant  
 Wetting Ability.....Excellent  
 Freeze/Thaw.....Stable  
 Biodegradable.....Yes  
 EPA-Registered.....Yes  
 Total Actives.....4.63%  
 Detergency.....Excellent  
 Specific Gravity.....1.02 g/mL,  
 8.53 lbs./gal.  
 pH (undiluted).....2.1–2.2 at 20°C  
 RTU Shelf Life.....2 years

### HMIS Hazard Rating

Health.....2  
 Flammability.....0  
 Reactivity.....0  
 Personal Protection.....B
