

Safe, Sustainable Solutions to Protect and Improve the Indoor Environment

“...for the first time in years we are able to remove locker room odors and have not had any cases of staph...I would strongly recommend this product to anyone who may have the same challenges...”

~ Larry Smith, Manager of Env. Srv., The Westminster School

GENEON'S ON-SITE GENERATING AND DISPENSING SYSTEMS

InstaFlow™

One Device / Three Solutions
Sustainable & Cost Effective

- Creates high volumes of safe, sustainable, cleaning and sanitizing solutions
- Cost-effective
- Mounts to a wall or cart
- For institutional use
- Eliminates the need for staff to mix/work with harmful chemicals
- Ideal for janitorial, environmental service, veterinary, food service, medical/healthcare, commercial food production, dairy production, hospitality/lodging/cruise ships and many more (#24001)

Immerse-A-Clean™

Portable, Sustainable & Cost Effective

- For creating cleaning, sanitizing and disinfecting solutions onsite in mop buckets, automatic scrubbers, carpet extractors, etc.
- Portability – Plug it in, connect to scrubber or extractor batteries, or use the onboard battery pack to create solutions
- Ideal for use in remote areas or places with no electricity, or running water access (#24002)

TrioRx™

EPA Registered | Eliminate Harmful Germs
Creates a healthier and safer environment!

- Creates ½ gallon of EPA registered broad spectrum disinfectant cleaner
- The table-top Trio Rx eliminates bacteria, viruses, odors and much more
- Improve the health of your environment (#24003)

Mist™

Clean, Sanitize & Disinfect Hard to Reach Areas!
Good with Immerse-A-Clean, Trio Rx, and InstaFlow

- Improve your productivity
- Clean, sanitize, disinfect large open areas and hard to reach places
- Perfect for spraying and cleaning bathrooms, classrooms, locker rooms, exercise and training areas, mats, desks, counters, whiteboards, floors, showers, and hard to reach places
- Combined with one of GenEon's on-site generators, you get the perfect system for a cleaner, healthier and safer environment
- bMist adds additional portability – Ideal for areas without power outlets (Corded #24004; Battery Version #24013)

HARNESS THE POWER OF NATURE WITH GENEON'S SAFE AND SUSTAINABLE CATALYST
