

HyTouch™

SMART HAND SANITIZING DOOR HANDLE

The **easy, intuitive
and smart** way
to increase
hand hygiene
compliance.

HyTouch™ WITH HYSTAT™

Creating a Hand Hygiene Event at the Door

Strategic Placement = Increased Hand Hygiene Compliance

HyTouch™ is meant to compliment—not replace—current hand hygiene products. By installing the door handles at select high-traffic locations, your organization can:

- Promote safety and wellness to patients, family and staff
- Reduce healthcare acquired infections and bounce back rates
- High impact initiative with measurable results:
Visible | Accessible | Available

Great for Use in These Industries:

HOSPITALS

LONG-TERM CARE

EDUCATION

FOOD PROCESSING

FOOD SERVICE

HyTouch™ is made of High Impact Aluminum

HyTouch™ Smart Hand Sanitizing Door Handle

A smart and intuitive door handle that improves hand hygiene compliance without disrupting normal work flow by integrating a sanitizer cartridge directly into the door handle. Easily installs in about 15 minutes.

Available in White or Silver

EASY TO USE

GRAB... HyTouch™ handle with one hand

PUSH... blue paddle with other hand to dispense sanitizer

OPEN... door and exit like normal

HyTouch™ Smart Hand Sanitizing Door Handle with HyStat™ Technology

Same functionality as HyTouch™, plus built-in technology that allows you to view overall usage and predict cartridge replacement via a computer, tablet or smartphone. The easiest solution for institutions required to track hand hygiene compliance. *Available in White or Silver*

EASY TO TRACK

CONNECT... cord between handle and smartphone

DOWNLOAD... data into HyStat™ app

VIEW... statistics on-the-go or in your office

HyTouch™ Instant Hand Sanitizer with Moisturizer

An easy-to-replace hand sanitizer cartridge specially designed to fit into any HyTouch™ door handle.

- Kills 99.99% of common germs in 15 seconds
- 70% v/v ethyl alcohol-based formula containing emollients to condition and moisturize skin
- Over 400 doses per 408 mL refill sleeve
