SSS Item Number .....	48286
Available Sizes .....	1G
Physical State .....	Liquid
Active Ingredients .....	15.0 + 0.5%
Color .....	Purple, Slight hazy
Fragrance .....	Lavender
Base .....	Detergent Blend
pH .....	9.0 - 10.0
Viscosity .....	Water thin
Foam .....	Moderate
Abrasive .....	None
Phosphate .....	None
Solubility .....	Complete with water
Emulsification .....	Excellent
Detergency .....	Excellent
Rinsability .....	Excellent
Flash Point .....	None
Biodegradability .....	Complete
Storage/Stability .....	1 year
Weight Per Gallon .....	8.76 lbs./gal.
Freeze/Thaw Stability .....	Keep from freezing

**HMIS Hazardous Materials I.D. System**

Health .....	1
Flammability .....	0
Reactivity .....	0
Personal Protection .....	B

*What the Pros Know*

After floor cleaning, bacterial action will work on mop heads to keep them from developing a sour mop odor.

*Description*

This product is a high performance, bacterial-enriched floor cleaner, odor eliminator, and grease digester with a pleasant lavender scent. It is recommended for use in food service areas, schools, hotels, hospitals, restrooms, and shower rooms. No rinse is required. The unique chemistry provides bleaching action that brightens surfaces as it cleans and leaves surfaces sparkling clean. It is ideal for cleaning concrete, ceramic tile, quarry tile, grout and brick and rubber mats with floor machine or mopping. Inherent biological action continues to clean between regularly scheduled cleanings to help keep grease accumulations to a minimum.

*Directions*

Wear safety equipment recommended on SDS, place Wet Floor Signs and read all directions and cautions prior to beginning your work.

**FOR LIGHT DUTY CLEANING AND FLOOR MAINTAINING** Dilute 1 to 2 ounces of product per gallon of water. Rinse with clean water as needed.

**FOR MEDIUM DUTY FLOOR CLEANING** Dilute 3 to 4 ounces of product per gallon of water. Rinse thoroughly with clean water.

**FOR GREASE, OIL AND OTHER HEAVY DUTY FLOOR CLEANING** Dilute 6 to 8 ounces of product per gallon of water. Rinse thoroughly with clean water.

Apply product by spray, mop, sponge or automatic scrubber to surfaces to be cleaned. If necessary, agitate to help remove excessive soils. Rinse thoroughly with clean water as needed.

These directions are flexible rather than specific. In many cases a more dilute solution can be used, while for extreme conditions a less dilute solution may be used.

*Bacterial Enriched*

*Biological Action Continues to Clean Between Scheduled Cleanings*

*No Rinse Required*
