PORTABLE 24-GALLON FLOOD PUMPER

Your Ultimate Choice in
Profitable Cleaning Performance!

VERSATILE. INNOVATIVE. SMART PORTABLE FLOOD PUMPER FROM SANDIA PRODUCTS

The portable Flood Pumper is made with top of the line components and is ideal for extracting water from carpet, floors or any location subjected to water damage. Our innovative air intake uses the vacuum's own cooling fans to pull cool, outside air over the motors, reducing motor temperature. Dynamic value and quality solutions to make your daily tasks that much easier!

- Reliable Power
- Innovative Design
- Safe & Easy to Use
- Powerful Extracting
- Easy Transport
- Patented Features

24-GALLON FLOOD PUMPER

by Sandia Products

Manufactured with
Pride in the U.S.A.

SEE THE BENEFITS

of the Sandia Flood Pumper

- 24-gallon capacity, rotationally-molded polyethylene body.
- An internal filter system provides the highest efficiency filtration without having to worry about external attachments.
- Powerful 3-stage vacuum motors and dual diaphragm bilge pumps allow waste water to be recovered at 10.5 GPM.
- The auto pump-out feature works continuously, automatically dumping water so tanks don't have to be emptied when full.
- Convenient waist-high controls make operation easy, with no bending or lifting.
- Non-skid, non-marking 10 inch wheels for easy stair climbing.
- (1) 25-foot, 12-gauge safety power cord.
- Includes (1) 25-foot 1-1/2 inch vacuum hose and (2) 50-foot dump hoses.
- Lifetime warranty on body, 2-years on vacuum motors, 1-year on pumps and all electrical.

FAST, EFFICIENT, DEEP EXTRACTING BY SANDIA

Strongest in tough restoration environments!
