

# TrekVac™ 3

Dry Canister Vacuum

Powerful, noiseless, compact vacuum cleaner.

- » Quietest vacuum cleaner in its class. Whisper-quiet for operation during normal business hours.
- » Ergonomically designed handle provides fatigue-free operation, even over longer operation intervals.
- » Infinitely variable suction power control.
- » Floor tool with triple action joint guarantees optimum nozzle adjustment to the floor.
- » Handle on the machine base enables simple and comfortable transport to new locations, up and down stairs, etc.
- » Simple detachable turbine head with large container closures enables easy filter bag change.
- » Extremely rugged, impact-resistant container with all-around bumper protects the machine and furniture.
- » Trek wheels provide superior tracking performance.

## Performance Features

Large, robust foot-operated switch turns the machine on and off without having to stoop for greater operator comfort.

Large permanent main filter made of washable nylon guarantees optimal dust filtration. It also enables the vacuum to be operated with or without a filter bag.

The canister has an integral holder for storing the floor tool during work breaks and saving storage space.

Integrated power cord storage on the power head or with a pull out cable hook.
